REVISION

DEVORE 2 - NIGHT WORK SCHEDULE

San Bernardino County – Caltrans began night work on August 14th for the Devore 2 Pavement Rehabilitation project on Interstate 15 (I-15) near the junction of 15/215 in Devore. Following is the schedule for September 15 through September 22, 2006:

| DATE | LOCATION | # LANES OPEN | CLOSURE HOURS |
|---|--|--|--|
| Sunday, Sept. 17 | Northbound I-15 from Kenwood Ave. to Cleghorn Rd. | 1 to 2 lanes of 3 Available | 8:00 p.m. to 7:00 a.m. |
| Monday to Friday morning, Sept. 18 to Sept 22 | Northbound I-15 from Lytle Creek Bridge to Cleghorn split | 1 to 2 lanes of 3 Available | 8:00 p.m. to 7:00 a.m. |
| Monday to Friday morning, Sept. 18 to Sept 22 | Southbound I-15 from Kenwood Bridge to Sierra Ave | 1 to 2 lanes of 3 Available | 6:00 p.m. to 4:00 a.m. |
| Monday to Friday morning, Sept. 18 to Sept 22 | Connector: Northbound I-15 to Southbound I-215 | Closed | 8:00 p.m. to 6:00 a.m. |
| Monday to Friday morning, Sept. 18 to Sept 22 | Connector: Northbound I-215 to Southbound I-15 | Closed | 8:00 p.m. to 6:00 a.m. |
| Monday to Friday morning, Sept. 18 to Sept 22 | Lane Closure Only: Southbound I-15 to Southbound I-215 | 1 of 2 lanes available | 8:00 p.m. to 6:00 a.m. |

The Devore 2 project will replace damaged concrete pavement primarily in the outside lanes and reconstruct bridge approach slabs between Sierra Avenue and Cleghorn Creek Bridge on I-15. It will also add a three-mile truck-climbing lane (for trucks and slower vehicles) on northbound I-15 beginning at the 15/215 interchange. Asphalt concrete paving will also be performed along the freeway shoulders and the on and off-ramps at three different interchanges. The project also includes drainage improvements and guardrail upgrades. Construction will replace deteriorated pavement and improve the operational efficiency, safety and provide a smoother ride when complete. The \$26 million state-funded project is expected to be complete in early, rather than late, 2007.

Page 2

Most of the work will take place at night between 6:00 p.m. and 8:00 a.m. Caltrans has planned approximately five (5) weekends of Rapid Rehab work (55-hours) during the project, which will produce a higher quality product in a short amount of time. The weekend work will close one to two connectors along with lane closures at the 15/215 interchange. [The Rapid Rehab weekend work is tentatively scheduled to begin on the weekend of September 29 and continue each weekend throughout October 2006. This schedule is subject to change.](#)

You may sign up for email bulletins on the Devore 2 project by emailing terri_kasinga@dot.ca.gov or call (866) 383-4631. For more information on Caltrans roadwork, please go to our new website address at CALTRANS8.INFO. Orange cones are a loud signal that it's time to pay extra attention. Traffic can stop suddenly. Eating, drinking, changing the radio station...if you look away for one split second, you can cause a rear-end collision when you least expect it.

Slow for the cone zone!
